HKY RELOCATION THE PROCESS

Dave Holland
HKY Director and Owner

As an aged migrant from the UK originally waiting over two years for a Visa grant to temporary business visa to permanent resident to now citizen and with a twenty-year involvement in real estate, I believe I have seen and heard it all.

I have been through the frustrating lack of information and good advice, the “pangs of guilt” from leaving family and friends and the anxiousness that comes from leaving a relatively comfortable life and moving your family halfway around the world to a place you came to for a three-week holiday.

Was it worth it.... you bet it was!

Perth is a fantastic place to live and offers an enviable lifestyle. To learn more about-how, what, why contact Natalie for your initial FREE consultation.

Natalie Shaw
HKY Relocation Specialist

As someone who has made the move from the UK with my young family, I can fully appreciate the anxiety and worries a move to the other side of the world can bring. Whilst it was such a huge decision for us to make the move and leave everything we knew behind, we are fully embracing the beautiful lifestyle and opportunities that Perth can offer and feel extremely grateful that we get to call it home.

My background and passion is property, I worked in the UK in property management for over 15 years. My aim is to use the skills that I have gained throughout my career to help make your move that little less stressful and to be on hand for you when you have those worries or questions that you could just do with answering.

The property market in Perth is exciting, I am extremely lucky to be able to work with a great team of property managers at HKY who not only have their own substantial rental portfolio but also have great connections with other property managers across the city. Bringing our two teams together and having the expertise of licensed property managers on hand means that we can help to make your move over streamlined as well as providing invaluable advice.

I am a personable individual and pride myself on being on hand to chat about your concern's, whether that be potential suburbs, schools or accessibility to amenities, I will ensure you receive the best possible service.

Thank you for considering HKY Relocation as your relocation partner.

We're excited to make your move to Australia smooth, safe, and successful.
